

SCUM Meeting Minutes

November 2, 2009

Meeting was brought to order by Peter Vanderbilt.

Visitors introduced themselves.

The October minutes were accepted.

Our treasurer Jack Fisher stated that there is \$2,917 in the bank.

This Month: Dan Bellack made the presentation "The Wonders of the Address Book." Three important things to remember:

- It's an easy place to gather your personal data
- It's free with your Mac
- And most importantly, it has wonderful interactivity with other Mac apps, i.e. mail, Pages, iCal, Safari & MobileMe . . . also Google Maps.

A copy of the full presentation is available on our SCUM website.

Because of lack of time no 411 problems were discussed.

December | Informal Holiday "Mini Party" and maybe a little SCUM 411. This meeting only we will meet in the Patio Room because food and drink are not allowed in the Chestnut Room. [RSVP to Edd Dundas](#)

January program will be "Finding Stuff Made Easy!?" by Geoff Fernald. Organizing your documents, photos, music using folders, Spotlight, Finder sidebar, iPhoto events, Mail folders, iTunes natural categories, etc. and SCUM 411.

Our **February** speaker will be Larry Yu, director of corporate communications at Facebook talking about "Is Facebook Just For Kids?".

Meeting was adjourned at 10:30.

Respectfully submitted,

Betty Torrez, secretary
